Student Income Information

Students who filed or will file a 2022 IRS income tax return were required to consent and approve the sharing of tax information from the IRS to the FAFSA form. In most cases, no further documentation is needed to verify 2022 income information that was transferred into the student's FAFSA directly from the IRS.

If 2022 income tax return information for the student was not available or could not be used, the student should provide the institution with a 2022 IRS tax return transcript(s) or a signed copy of the 2022 1040 income tax return with schedules 1, 2, and 3 (if applicable).

Please select all that apply:
