Student Income Information

Students and their spouses, if applicable, who filed or will file a 2022 IRS income tax return were required to consent and approve the sharing of tax information from the IRS to the FAFSA form. In most cases, no further documentation is needed to verify 2022 income information that was transferred into the student's FAFSA directly from the IRS.

Please contact the Office of Financial Aid if the student and spouse filed separate tax returns for 2022 or had a change in marital status after December 31, 2022.

If 2022 income tax return information for the student and their spouse was not available or could not be used, the student and spouse should provide the institution with a 2022 IRS tax return transcript(s) or a signed copy of the 2022 1040 income tax return with schedules 1, 2, and 3 (if applicable).

Please select all that apply:

I [and/or my spouse] did not file a 2022 tax return and did not earn any income in 2022.

I [and/or my spouse] did not and was not required to file a 2022 tax return but earned income in 2022. I have completed the chart below with my/their 2022 earnings and have attached a copy of my/their 2022 W-2s to the Office of Financial Aid.
