By signing this form, the student agrees to complete the proposed contract project as outlined by the faculty member. Any failure to complete the proposal will null the awarding of Honors credit for the course. An overall grade of "B" must be attained for Honors credit as well. If a letter grade of "B" or better is not earned, the student will simply receive non-Honors credit.

Upon successful completion of the project, the student must have the faculty member sign an **Honors Contract Completion** form, also found on the website. Once this form has been received, the registrar will be notified to mark this class in the student's transcript as an Honors course.
