DOGWOOD HALL POLICIES & PROCEDURES

Membership in the Community

Housing policies are designed to give a clear understanding of what is expected of you as a National Park College (NPC) resident. Although policies and procedures may appear and “feel” restrictive, there is no intent to deprive students of an opportunity to make independent decisions. Policies have been established in accordance with other NPC regulations, local, state and federal laws. The policies set in place have proven to be in the best interest of the residence hall community at large. With these in mind, Residence Life has established several policies and procedures that are intended to give you and your neighbors standards by which you can live, learn and grow together. Residents and prospective residents are strongly encouraged to check with staff members ahead of time regarding any questions, perceived exceptions, or interpretations they might have concerning these rules.

Who has the Responsibility?

We believe residence hall students come to NPC understanding that they are responsible for their actions and that living in a densely populated environment requires maturity and good judgement. The policies and procedures in this document allow Residence Life to govern acceptable and unacceptable behavior to terminate agreements or take other action, including but not limited to restrictions of privileges, such as visitation restrictions, if residents do not comply with the policies and procedures. The residence hall staff will confront residents if their actions are contrary to policy. Our sincerest desire is that by calling attention to a resident’s behavior and its consequences, better judgement will be exercised, and future misbehavior avoided. Remember that you have agreed to live in and become a part of the residence hall community. By signing a housing license agreement, you have indicated that you acknowledge and follow the policies and procedures of the community.

Alcohol Policies

Arkansas law prohibits possession or consumption of alcoholic beverages by those under the legal drinking age and prohibits making alcoholic beverages available to persons under the legal drinking age.

Regardless of age, students and their guests are not permitted to consume, manufacture, use, possess, sell or distribute alcohol in or around the premises of the residence hall. Possession of empty alcohol containers are also not allowed.

Public Intoxication

Appearing in a public place manifestly under the influence of a controlled or other intoxicating substance to the degree that there is danger to self, others, or property, or there is unreasonable annoyance to person(s) in the vicinity is prohibited.

Drug & Tobacco Policies

The following sections describe the NPC Residence Life policy regarding the sale, manufacture, distribution, possession and use of illegal drugs on College property in accordance with federal, state and local laws.

Controlled Substances and Illegal Drugs

The unauthorized distribution, possession, manufacture, or use of any controlled substance or illegal drugs is prohibited.

Drug Paraphernalia

The unauthorized distribution, possession, manufacture or use of drug paraphernalia or paraphernalia with illegal drug residue is prohibited. Drug paraphernalia means any device and/or materials for the intended or implied use of controlled substances and illegal drugs, including but not limited to devices and/or materials used to prepare, use, or cover-up the use of drugs.

Marijuana

Distribution, possession, manufacture or use of any quantity of marijuana is prohibited. Note: Possession of a medical marijuana license or prescription does not provide exemption from this policy.

Prescription and Over-the-Counter Medication

The unauthorized distribution, possession, or use of any prescription medication, over-the-counter medication, or any other substance being used in any manner other than its intended purpose which can cause harm, is prohibited.

Tobacco Policy

National Park College is committed to providing a healthy, comfortable, and productive environment for the students, faculty, and staff of this campus; therefore, National Park College is entirely smoke free and tobacco free.

The Smoke Free Tobacco Free Policy applies to all National Park College facilities and vehicles, owned, or leased, regardless of location. Smoking or tobacco use, including smokeless tobacco products, electronic cigarettes and electronic vaping devices shall not be permitted on the National

Park College campus or NPC off-campus sites. The policy applies to all student, faculty, staff, and visitors.

On-Site smoking cessation programs shall be made available on a regular basis to assist and encourage individuals who wish to quit smoking.

Noise/Quiet Hours/Disruptive Conduct

Residents are required to limit noise during quiet hours established by Residence Life. Quiet hours begin no later than 11pm and end no earlier than 9am daily. A resident may ask another resident to reduce noise at any time under the expectation of common courtesy.

Residents should not engage in disruptive or disorderly conduct or lewd, indecent, or obscene conduct or expression. This includes activities that are excessively noisy or otherwise disruptive to other residents. Participants in the planning or execution of pranks maybe subject to conduct action, and students may be charged for any damages.

At the end of each semester, from the last day of regular classes, until the last day of finals, there is an expectation of quiet hours

Fire Safety

All persons are required to evacuate the hall when a fire alarm sounds and proceed to the designated evacuation point. Use of all microwaves and other approved cooking appliances must be monitored properly. Candles (including decorative and those with the wick removed), sparklers, combustible figurines, electronic skateboards including "hoverboards", halogen lamps, incense, space heaters and other like items are also not permitted in the hall. Hanging objects from sprinkler heads, pipes and electrical conduit is strictly prohibited. "Live cut" trees (such as Christmas trees) are not permitted anywhere in the building.

Hookahs as well as all electronic smoking devices including e-cigarettes are not permitted within and near the immediate surroundings of the residence hall.

Guest & Visitation Policies

Dogwood Hall is a special purpose building which is not opened to the public. Only residents assigned to Dogwood Hall, NPC officials and guests (defined below) who have a legitimate reason for being in the building are allowed inside. All residents and guests are expected to comply with the guest and visitation policies. This policy allows residents to have guests in the hall for studying, discussion or appropriate socializing.

Hosting

Once a resident is hosting a guest (including other residents in their room) they share an equal responsibility for their actions while visiting the resident. Being a host to a guest that violates any Residence Life and National Park College policy is prohibited.

The following guidelines apply to the host:

- You must always meet a non-resident at an exterior door and never leave them unattended in the building (including your room/suite).
- Never agree to escort a non-resident you do not know as you will be responsible for their actions.
- This includes opening lobby doors to allow visitors to enter.
- Never loan your residence hall key to another person for any reason. In addition, a student found in possession of a residence hall key not issued to them is in violation of the escort policy.

Guest

A guest is defined as any person who does not live in a specific suite/room, including family members, parents or residents who live within the building. An overnight guest is defined as any person not assigned to a room/suite and stay more than six hours and/or sleep in the room/suite. Violations may lead to a student accountability meeting.

Residents are responsible for and will be held accountable for the behavior of their guests. Residents must inform their guests of policies and procedures for Dogwood Hall and National Park College. Guests that fail to comply with any College policy or directions of any Residence Life or NPC staff member, will be instructed to leave the residence hall. A guest can be denied permission to remain in the building or may be prohibited from future visits if they create a disturbance or violate any policies.

Guest Policy

A guest can stay overnight no more than four (4) nights in a month, with (2) nights being consecutively. Guests are not permitted to extend their visitation time via switching hosts within the building. All occupants of the suite must agree about whom, when and the number of visitors are allowed at one time. Violations of this policy may result to a student accountability meeting and appropriate sanctions.

Guest Plans:

Room/Suitemate's specific guest plans should be outlined by residents in the side by side agreements. With these plans, the shared concerns and wished of everyone are of paramount importance in determining what is acceptable or unacceptable regarding hosting a guest. Having a guest is a privilege that is secondary to a room/suitemate right to privacy. Residents may not exercise their guest privilege if doing so interferes with the rights of their room/suitemates or other residents of the building. Suspension of guest privileges for an individual, a floor, or an entire residence hall may be issued by Residence Life with just cause.

Minors

Minors are permitted to visit the residence hall, but to promote their safety and provide privacy for other residents the following restrictions must apply:

- Non-residents under the age of 18 are not permitted to stay overnight
- Minors must never be left unattended for any period
- Residents who have minors visiting that disturb other residents may be asked to remove them from the hall

- Residents may not provide babysitting service in the hall

Please be aware that National Park College and Residence Life cannot assume responsibility or liability for minors visiting the residence hall.

Unauthorized Occupancy and Cohabitation

Unauthorized occupancy and cohabitation are strictly not permitted within the residence hall. Unauthorized Occupancy Includes but is not limited to:

- Being restricted from entering the hall for previous conduct or other reasons
- Not being enrolled in good standing with National Park College
- Not having a signed house license of file with Residence Life
- Having a guest present without consent from other occupants of the room
- Utilizing a key or other method to enter a room/suite to which the individual is not assigned

Cohabitation includes but is not limited to:

- Guests that violate the overnight guest policy
- Living within the hall and not having a residence hall license agreement
- Keeping personal possessions (books, clothes, toothbrush etc.) in the room as if one lived in the room/suite
- Accessing the room or suite while the assigned occupants are not present

Internet Use

Downloading or sharing copyrighted files from the internet is against policy. Students in violation of the policy may have to go through the student accountability process which may result in removal from the residence hall with just cause. At the time of signing the housing license all residents agreed to following the computer usage policy for National Park College.

Interim Restrictions or Removal

The Community Manager or designee in consultation with appropriate NPC leadership may defer procedural due process and enforce an interim restriction or removal from the residence hall. Should this occur, this action will be taken to:

- Ensure the safety and well-being of members of the residence hall community
- Preserve College property
- Ensure a resident's own physical or emotional safety and wellbeing
- Ensure that the resident doesn't pose an ongoing threat or significant disruption within the residence hall or College

Interim restriction or removal is effective upon informing the resident. Any resident who has had interim action taken against them will be afforded a student accountability meeting as soon as practical.

Residents removed or restricted on an interim basis will be given an opportunity to appear before the Dean of Students within five business days from the notice of the effective date for the interim removal or restriction in order to discuss only:

- Reliability of the information concerning the alleged conduct
- Matter of identity
- Whether the conduct and surrounding circumstances reasonably indicate that their continued presence in the hall poses a substantial threat to themselves or others and continuance of normal college or residence hall functions

Unless otherwise determined by the Community Manager or designee, in consultation with appropriate NPC executive leadership, the interim restriction of removal shall remain in effect until a student accountability hearing is held and an outcome is determined. If a resident is found not responsible at the end of the student accountability process, they will be readmitted to the hall and may be entitled to a refund for the time they were removed. Any refunds for the time out of the hall are not automatic and shall be reviewed on a case-by-case basis once a student has submitted a housing charge appeal.

Lockouts

If you are locked out of your building and/or room, take the following steps

1. Contact your room/suitemate(s)
2. Contact the front desk
3. Contact the RA on duty if after posted business hours

Each resident is permitted three “free” lockouts each semester. After a resident has reached their third lockout, they will be billed \$25 for each additional lockout that occurs during the semester.

Pet Policy

Unfortunately, pets are not allowed in Dogwood Hall, including visiting pets. If a pet is found in the unit, the following will apply:

- In the first instance a written warning will be issued to specifying the complaint, and you will pay a \$100.00 charge. The pet must be removed from the Property immediately. You will also pay the costs of cleaning and/or replacing of carpet and any unit furnishings damaged by the pet(s), and you will pay the costs incurred for pest control treatment.
- Upon a second violation, you will pay a \$200.00 charge together with the cleaning, replacement and pest control costs referred immediately above, and you may be declared you to be in default under this License.

Service Animals

Students who wish to bring a service animal to NPC are covered by Title II of the ADA, and thus students may bring their service animals to campus – including Residential Life Facilities, classrooms, and other College facilities – without prior approval. However, students are *required* to reach out to the Disability Services Office on campus to ensure that their experience bringing the animal to campus

is smooth. Additionally, students are also required to inform Residential Life that they plan to have a service animal living with them. Advance notice of a service animal for Residential Life Facilities may allow more flexibility in meeting a student's needs.

Emotional Support/Assistance Animals

Students who wish to bring an emotional support/assistance animal into the residence hall as an exception to the pet policy must go through the reasonable accommodation process with the Disability Services Office. The Disabilities Service Office is responsible for evaluating whether to grant or deny requests for reasonable accommodations for students living in the Residence Hall including the ability to bring an Assistance Animal or Emotional Support Animal. Residents wishing to request an Assistance Animal as an accommodation MUST follow the Disability Services Office general procedures for requesting an accommodation. This request should be submitted and the approval process completed prior to bringing the animal into the hall. Residential Life requires that the owner acknowledge and accept all the terms in the Assistance Animal Guidelines and Responsibilities. For more information, contact the Disability Services Office at (501) 760-4227 or email rhendrix2@np.edu.

Sports in the Residence Halls

Neither outdoor activities nor the use of outdoor equipment is permitted within the Residence Hall.

Side by Side Agreements

Side-by-Side agreements are to be completed by all occupants of the suite at the start of their move-in date. The agreement outlines specific living arrangements and considerations for living in a shared space. Violations of the agreement should be reported to the RA for mediation and further documentation. Violating the terms of the agreement could result in a student accountability meeting and may be considered violation of residence hall policies.

Room Entry

Although Residence Life will make reasonable efforts to respect the privacy of a student's personal suite, Residence Life reserves the right to enter with prior notice if possible, for purposes of inspection, verification of occupancy, improvements, or repair.

Residence Life reserves the right of entry without notice in situations posing a threat to life or property, violation of policy and for such purposes as are reasonably necessary to preserve resident and community safety. Prohibited items in plain view may be confiscated at any time. Should a resident have any concern after a room entry they may follow up with the Community Manager to discuss any grievances.

Decorating

You are encouraged to make your room as comfortable and "homey" as possible. The building staff will assist you by providing ideas; however, certain guidelines must be followed for reason of appearance and safety. Please cooperate with your room-suitemates' interests, and make sure that all decorations are safe.

When a full/used container is returned to the front desk for an empty one, a container will be given to the resident immediately. The exchange of containers is only available during business hours.

Students and any other persons who may encounter needles and other sharps should use proper safety precautions. For more information on safe disposal and handling of needles and other sharps, please see the U.S. Food and Drug Administration regulations.

Tampering with or theft of fire or life safety equipment jeopardizes the safety of the residents and the residence hall.

If it is not taken care of satisfactorily, Residence Life will have the problem corrected at the resident's expense. FIREARMS POLICY

The possession, carrying, storage or use of any handgun or firearm of any type is prohibited (a) on the NPC campus, (b) in any building owned or controlled by the college, and (c) at any college event, except as authorized under Act 562 of 2017.

What is Act 562 of 2017?

Act 562 (commonly referred to as House Bill 1249 or “Campus Carry”) allows a concealed-carry licensee with a newly created enhanced concealed-carry endorsement to carry a concealed handgun on the campus and in the buildings of a public College and various other places including state offices.

Does NPC have a firearms policy?

Yes, NPC policy still prohibits handguns or firearms of any type on campus except in limited circumstances authorized by law. Specifically, NPC Board Policy 8.120 addresses firearm possession, storage, and use by faculty, staff, students, and campus visitors except campus security personnel employed by the college or any other certified law enforcement officer. The policies definition states that “The possession, carrying, storage or use of any handgun or firearm of any type is prohibited (a) on the NPC campus, (b) in any building owned or controlled by the college, and (c) at any college event, except as authorized under Act 562 of 2017.”

Is NPC’s policy consistent with Act 562 of 2017?

Yes. The policy informs the NPC community that handguns or other firearms are prohibited on campus unless authorized by law. “Authorized by includes the enhanced concealed-carry endorsement created by Act 562 of 2017.

Who is eligible to carry a handgun on NPC property?

Act 562 of 2017 does not allow everyone to carry a handgun on NPC property. Only concealed-carry licensees who have completed the additional training (to be determined by the Director of the Department of Arkansas State Police) and received an enhanced concealed carry endorsement are eligible to carry a handgun on NPC property. A concealed-carry licensee must be twenty-one (21) years or older or eighteen (18) years of age and (a) currently a federally recognized commissioned or noncommissioned officer or an enlisted member on active duty in the United States Armed Forces, (b) in the National Guard or a reserve component of the United States Armed Forces, or (c) a former member of the United States Armed Forces that has been honorably discharged.

Who may not carry a handgun on NPC property?

Individuals who do not have (1) a concealed-carry license and (2) an enhanced concealed-carry endorsement.

What types of weapons may eligible concealed-carry licensees carry?

Only handguns. Ark. Code Ann. § 5-73-301 defines a handgun as “any firearm, other than a fully automatic firearm, with a barrel length of less than twelve inches (12”) that is designed, made, or adapted to be fired with one (1) hand.”

Can an employee or student store a handgun on College property?

The only place that a concealed-carry licensee can store a handgun while on College property is in a locked and unattended motor vehicle on a publicly owned and maintained parking lot of the College.

A concealed-carry licensee cannot:

- Store a handgun in a college-operated student dormitory or residence hall.
 - Act 562 of 2017 prohibits “[t]he storage of handguns in a college-operated student dormitory or residence hall.” A residence hall is any College-owned or operated housing.
- Store a handgun in a book bag or purse.

Is it okay to leave my bag or purse containing a handgun unattended while I use the restroom, complete a lab, or complete some other task? No. You are required to keep it with you at all times, unless you are entering a location on College property where carrying it is prohibited. In that case, you should secure the handgun in your motor vehicle and store it in compliance with Ark. Code Ann. § 5-73-306.
